RE: SALVAGE PLAN FOR
M/V PANTHER

PLEASE CALL IF ANY QUESTIONS—
EVERYTHING IS SET TO GO. BOTTOM LEFT
(HANDWRITTEN) INDICATES VESSELS TO BE USED
IN SALVAGE. PORTABLE PUMP TO BE USED IN CASE
OF FLOODING. RANGERS CONTINUE TO WORK ON
PAX LIST. THANK YOU FOR EVERYTHING.

— LT/JG NAWAY

* USL WILL BE PULLED OUT OF WATER FOR
DRY-DOCK AT RANGER STATION.

—N—

Salvage Plan

- 1) Temporarily patch hole in tunnel caused by us beaching the vessel last night. 12/30/02
- 2) Roughly fifteen gallons of fuel is contained in the aluminum fuel tank.
- 3) No oil or fuel appears any where around the vessel, will continue to monitor for Any type of spill/ we have boom on board.
- 4) Boat is completely out of water (low tide)
- 5) Will attempt to pump water out of vessel so it will float at high tide 12:30AM
Have portable pump
- 6) Will tow boat back to Ranger Station & dry dock for further investigation.
